Fire Wood

Our logs are below 25% moisture content. The water (or moisture) content of the wood is a vital consideration in the processing, transporting and burning. It is what most affects the efficient use of wood for heat in the UK, and yet nature itself provides a big part of the solution. Above all, don't forget: Burn wood not water!

Fill your car with loose pointing's for only £7.50 (please note it is

Our opening times are Monday- Friday 7.45am - 4.30pm, Saturdays 8.30am - 12.30pm
